Dear Hiring Manager,
ARM,

My name is Saidu Babu Dosapati, the current student of Masters in Computer Science at the University of Missouri-Kansas City graduating this May 2018.

Thank you for the opportunity to apply for the Data Scientist role at your company. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations.

I am a hard-working professional who has been consistently praised as diligent by my co-workers and management. Over the course of my 4-month career, I've developed a skill set directly relevant to the Software Engineer role you are hiring for, including application development, Big Data, Machine Learning, Statistical Learning and Deep Learning. Overall, I have consistently demonstrated creative thinking, multitasking, and interpersonal abilities in every aspect of my Data Analyst Intern role at Sprint, and I invite you to review my detailed achievements in the attached resume.

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization.
